Dr. Kenneth Goodman will lead a workshop on Responsible Conduct of Research (RCR). Topics covered will include the mentor-mentee relationship, publication and authorship, and scientific misconduct, among others. The workshop will also include an overview of scientific writing by Dr. Joanna Johnson. Lunch will be provided.

The workshop is for all graduate students and postdoctoral fellows who must comply with this RCR training requirement, including newly admitted graduate students in STEM disciplines.

For questions, contact Dr. Tiffany Plantan, Director of Education, at t.plantan@miami.edu.
